SPECIFICATIONS

1. The contractor will cut the grass beginning ***April 15, 2010*** – ending ***November 15, 2010*** with the option for extension. See attachment of locations and cutting frequencies.
2. The contractor will maintain a Spring cutting height of two and one-half inches (2-1/2”) from July through November. Mower blades must be kept sharp at all times. Blades must be sharpened or replaced once they become dull and cannot maintain a sharp, clean cut.
3. All grass areas will be cut to specification; Building, Facility and Parkland Manager will make inspections. Grass areas are to be cut to road edge, unless otherwise specified.
4. The contractor will trim, as required, with a weed eater around all trees, posts, fences, backstops, bleachers, small buildings, benches, garbage cans, planting beds, raised gardens signs and other such Park items.
5. The contractor’s employees are required to be polite and courteous to the general public using Cortlandt’s recreational and park areas. Also, under the terms of this contract, the contractor’s employees are not allowed to consume any alcoholic beverages or use any type of drugs while performing their duties; while on any Town owned property. Contractor’s employees must be properly dressed; shirts, pants and work shoes. Contractor is also responsible for providing employees with the proper protective equipment. Good communication skills are necessary for all site locations.
6. It is preferred that the Contractor not cut grass in the rain but, if it becomes necessary, the Contractor is required to remove all clumped grass from the site.
7. Leaf cleanup and removal will be done by the TOWN OF CORTLANDT Parks Division and not the contractor.
8. Pruning of shrubs and trees will be the responsibility of the TOWN OF CORTLANDT PARKS DIVISION and not the contractor.
9. The TOWN OF CORTLANDT Parks Division, not the contractor, will do watering .
10. No mowing/trimming Saturday, Sunday or Town holidays unless agreed upon ahead of time.
11. The Contractor will coordinate the cutting schedule changes with the Parks Division so that the Parks Division, prior to cutting, can perform litter pick-up and patrol.
12. The contractor will submit a written schedule, prior to the first cut, and will submit written changes in the schedule due to weather or any other reason.

13. The contractor will provide required “caution” and “men at work” signage for parked vehicles on roads and roadsides. Contractor’s employees will be required to wear fluorescent colored safety vests (provided by contractor) , when mowing DES/Highway road locations.

14. NOTE: The total amount of grass that requires cutting and trimming is approximately sixty acres, including ballfields, playgrounds, picnic area’s and border areas.

15. If additional mowing /areas are required during the course of this contract the Town of Cortlandt will contact the vendor and try to arrange a mutually agreed upon cost. The Town reserves the right to go to an alternate vendor if an arrangement cannot be made.

16. All New York State labor laws and prevailing wage rates apply to this contract. In the event that it is not included in this package please note that wage rates will apply and be forwarded to the contractor.

17. Within this bid for service with a heavy percentage of cost contingent on fuel, vendors may reference a “known fuel index” with date of the index to serve as a possible escalation reference each year. The Town reserves the right to decline any escalation during the course of this contract but this index, may, based on mutual agreement of both parties, serve as a basis of such escalation.

It is recommended that the average Port of Albany Rack Price, as published daily in the Journal of Commerce. The date used should be two weeks prior to this bid opening. This information would include price per gallon.

18. Exceptions: For items listed below A-E the areas to be cut and trimmed shall be 25 feet outside edge of structures.

- A. Anton Place Fire Pump Station
- B. Jacobs Hill Water Tank
- C. Croton Park Colony Water Tank #1
- D. Croton Park Colony Water Tank #2
- E. Amberlands Water Tank (off Scenic Drive)

The following pages will list locations where work is to be performed and between what has to be cut:

GRASS CUTTING SERVICE

Each location is once (1 cut) every seven days starting **4/15/10** and ending **11/15/10**, except where more frequent cuts are indicated for short period. The contract will then have the option for one/two year extensions. (See*)

1. Charles Cook Park/Pool Areas (7-9 am only)
(grass areas up top by the camp buildings)
2. Copeland House (7-9 am or 2-5 pm)

Training Documentation Form

This form can help you document that each employee has received this required training. You can use this sample form or create your own.

The following training has been provided:

- Proper care and maintenance of the equipment
- Review manufacturer's instructions for proper equipment use
- Methods for inspection, assembly, and dismantling of components
- Identifying anchorages
- Understanding safe working conditions
- Rescue method

The following training has been provided to workers using _____ equipment:

- Selecting the proper equipment
- How to use the equipment
- How to equipment failures

The following training has been provided to workers using the _____ program:

- _____
- _____

Training Documentation Form (Continued)

These additional topics have been covered:

Names and signatures of workers who completed this training:
