The Town of Cortlandt has received federal funding for the construction of a sidewalk on Broadway between Riverview Avenue and 5th Street. The sidewalk will connect the Hudson River waterfront in Verplanck with downtown Verplanck and the existing sidewalk between 5th Street and 8th Street. The project will include curbing and organizing existing parking lanes. The project will also include bumpouts similar to those found between 5th and 8th Street.

The project is a Locally Administered Federal Aid Project, with the Town of Cortlandt serving as sponsor and NYSDOT administering the project.
