Honorable Supervisor and Town Board
Town of Cortlandt, New York

The Comprehensive Annual Financial Report (CAFR) for the Town of Cortlandt, New York (the Town) for the fiscal year ended December 31, 2018 is herewith submitted. The New York State Comptroller's Office requires the Town to submit an annual report of the financial records and transactions presented in conformity with generally accepted accounting principles (GAAP). The Town has elected to have these statements audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This CAFR is issued pursuant to this requirement.

The report was prepared by the Town Comptroller's Office, which is responsible for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. To provide a reasonable basis for making these representations, management of the Town has established a comprehensive internal control framework that is designed to both protect the Town's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Town's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town's financial statements have been audited by EFPR Group, CPAs, PLLC, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Town, for the fiscal year ended December 31, 2018, are free from material misstatement. The independent audit involved the examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town's basic financial statements for the fiscal year ended December 31, 2018, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report. The financial section also includes a narrative introduction, overview and analysis of the December 31, 2018 financial statements to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). The letter of transmittal was designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditor.

Profile of the Town

The Town was established in 1788 by New York State as a separate political entity vested with independent taxing and debt authority. There are two incorporated villages situated within the Town's borders; the Village of Croton-on-Hudson and the Village of Buchanan. The Town has portions of five independently governed school districts, which rely on the taxing powers granted by New York State to raise revenues for school district purposes. The school districts use the Town's assessment roll as the basis for taxation of property within the Town.

The Town Board is the legislative, appropriating, governing and policy determining body of the Town and consists of four councilpersons, elected at large to serve a four-year term, plus the Supervisor. Councilpersons may serve an unlimited number of terms. It is the responsibility of the Town Board to enact, by resolution, all legislation including ordinances and local laws. Annual budgets for the Town must be approved by the Board; modifications and transfers between budgetary appropriations also must be authorized by the Board on the recommendation of the Supervisor.

The Supervisor is the chief executive and financial officer of the Town and is elected for a two-year term of office. In addition, the Supervisor is a full member of and the presiding officer of the Town Board. Duties of the Supervisor include; the administration of the Town's daily functions, budget preparation and control, and debt issuance. The Town provides a wide range of governmental services to its residents. Highway construction and maintenance of roads is a Town function. Recreation is provided and parks are maintained through the Town government. Water, sewer, lighting and fire protection services are furnished by various special districts, which have been formed within the Town. Other services performed at the Town level include: property assessment, code enforcement, zoning administration, planning and refuse collection.

The annual budget serves as the foundation for the Town's financial planning and control. All departments are required to file detailed estimates of revenues (other than real property taxes) and expenditures for the next fiscal year with the budget officer on or before October 20th. Estimates for each fire district and for the library situated within the town must also be filed with the budget officer by this date (the Town has no authority to amend the budget submitted by the fire districts or the library). After reviewing these estimates, the budget officer prepares a tentative budget, which includes her recommendations. A budget message explaining the main features of the budget is also prepared at this time. The tentative budget is filed with the Town Clerk not later than October 30th. Subsequently, the Town Clerk presents the tentative budget to the Town Board at the regular or special hearing, which must be held on or before November 10th. The Town Board reviews the tentative budget and makes such changes as it deems necessary and that are consistent with the provisions of the law. Following this review process, the tentative budget and such modifications, if any, as approved by the Town Board become the preliminary budget. A public hearing, notice of which must be duly published in the Town's official newspaper, on the preliminary budget is required to be held no later than December 10th. At the hearing, any person may express his or her opinion concerning the preliminary budget; however, there is no requirement or provision that the preliminary budget or any portion thereof be voted on by members of the public. After the public hearing, the Town Board may further change and revise the preliminary budget. The Town Board, by resolution, adopts the preliminary budget as submitted or amended no later than December 20th, at which time the preliminary budget becomes the annual budget of the Town for the ensuing fiscal year. Budgetary control during the year is the responsibility of the Supervisor. However, any

changes or modifications to the annual budget, including the transfer of appropriations among functions, must be approved by resolution of the Town Board. Budget to actual comparisons are provided in this report for each individual fund for which an annual budget has been adopted. For the general, highway and special districts funds, these comparisons are presented as part of the basic financial statements. For other governmental funds (debt service fund) with annual budgets, the comparisons are presented in the non-major governmental fund subsection of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town operates.

Local Economy

The Town is situated in the north western portion of Westchester County, which continues to rank among the most affluent counties in the United States. The Town, outside the Villages of Croton-on-Hudson and Buchanan, encompasses approximately 26 square miles and is primarily suburban residential in nature and comprises 7.8% of the County's land area. The Town's 2017 census population, based on the United States Census 2017 American Community Survey (ACS) 5-year population estimate, including the Villages, was 42,816. A largely rural town in the 1950's, Cortlandt developed into a residential suburb, with many residents commuting to New York City, White Plains and other employment centers. Retail sales, professional services and light industrial activities are located along its major highway corridors.

There were thirty (30) new Planning Board applications in 2018, compared with twenty-five (25) in 2017 and fourteen (14) in 2016, as development activity began to pick up. No new residential subdivisions were approved in 2018. Pondview, a 56 - unit redevelopment of a 56 unit seasonal community, located on Cortlandt Boulevard (Route 6) began construction at the end of 2018. Construction is continuing on the 147 unit Valeria Townhouse project with several units constructed and occupied in Phase III and several units under construction in Phase IV. In 2018 thirty-five (35) building permits were issued for single and 2-family dwellings compared with forty-one (41) building permits in 2017 and thirty-four (34) in 2016.

With respect to commercial development activity in 2018 construction neared completion on the 130,000 sq. ft. Cortlandt Crossing Shopping center located on Cortlandt Boulevard. The main tenants, a ShopRite grocery store and Homesense, a home goods store, both opened in the fall of 2018. Work on the 3 outbuildings began in 2018 and it is expected they will be occupied in 2019. New projects approved in 2018 including a new Ace Hardware Store on Lexington Avenue, a food composting facility on Roa Hook Rd. and the rehabilitation of as vacant tenant space into a Caremount Medical facility in an existing center on Cortlandt Boulevard. In addition a major expansion and complete renovation of an existing 62,000 sq. ft. nursing home to an assisted living center located on Cortlandt Boulevard was approved in 2018 with construction expected to begin in 2019.

Municipal infrastructure projects completed in 2018 included \$1,200,000 of paving projects, a \$700,000 water main replacement project on Parkway Drive and the completion of the Charles J. Cook Pool fitness trail. Design work continued on the Cook Pool bathhouse, a new paramedic building, and for the Hudson River Discovery Center to be located in the Cortlandt Waterfront Park.

Relevant Financial Policies

The Town prepares its budgets, capital improvement plans and forecasts with various financial policies in mind, including cash management and investment, capital assets, debt management, revenues and expenditures, fund balance and procurement/purchasing. The Town does not foresee any issues with its ability to comply with the current policies in the implementation of its near and long-term initiatives.

Long-term Financial Planning

The Town adopts a five year capital improvement program annually. Projects can encompass water, highway, parks and recreation, and other public work projects. Some projects are funded through matching dollars, either from CDBG funds or NYS grants, while others the Town finances through debt. Each year, the town Board reviews the plan and determines which projects to fund based on a priority of needs and public safety. A bond anticipation note was renewed for the replacement of a water storage tank at Croton Park Colony, which was completed in 2017. The bond anticipation notes for the addition of all-purpose ball fields at Sprout Brook Park, which was completed in 2016, and the Gabriel Drive water main were paid off in 2018. The Town anticipates completing various other water projects in the next two years to increase drinking water reserves, and replace old infrastructure to improve water distribution within the Cortlandt Consolidated Water District. Bonds will be issued in the future to cover the water district improvements.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town for its CAFR for the fiscal year ended December 31, 2017. This was the 26th consecutive year that the Town received this award. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Preparation of this report could not be accomplished without the efficient and dedicated services of the members of the Comptroller's Department, Town Assessor, Receiver of Taxes, Town Clerk, and Planning Department, as well as our independent auditor, EFPR Group, CPAs, PLLC who assisted in its preparation. I would also like to thank the Town Supervisor and the members of the Town Board for their interest and support in the financial operations of the Town.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Pat Robcke". The signature is written in a cursive, flowing style.

Executive Director/CEO

INDEPENDENT AUDITORS' REPORT

The Honorable Supervisor and Town Board of
the Town of Cortlandt, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Cortlandt, New York (the Town) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the 2018 financial statements of the Northern Westchester Joint Water Works, an investment in joint venture in which the Town has an equity interest of 30%, which is reported on the statement of net position at \$4,611,724. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, as it relates to amounts included in the investment in joint venture of \$4,611,724, revenue of \$135,990 reported as use of money and property in the statement of activities and in note 3(c) to the financial statements, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general, town outside villages, highway and special districts funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in note 6 to the financial statements, the Town, and its joint venture, Northern Westchester Joint Water Works, adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 75 - "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," during the year ended December 31, 2018. Our opinions are not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the schedules listed as required supplementary information in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, combining and individual fund financial statements, and other information and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules listed in the accompanying table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

EFPR Group, CPAs, PLLC

Williamsville, New York

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis
December 31, 2018

Introduction

The following discussion and analysis of the Town of Cortlandt, New York's Comprehensive Annual Financial Report (CAFR) provides an overview of the financial activities of the Town of Cortlandt, New York for the fiscal year ended December 31, 2018. Please read it in conjunction with the basic financial statements and the accompanying notes to those statements that follow this section.

Financial Highlights

Key financial highlights for fiscal year 2018 are as follows:

- On the government-wide financial statements, the liabilities and deferred inflows of the primary government, exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$3,454,101. *Unrestricted net position* may be used to meet the Town's ongoing obligations to citizens and creditors, however, unrestricted net position in the current year reflects a negative \$67,082,358. The unrestricted net position decreased by \$54,646,892, due primarily to the implementation of Government Accounting Standards Board Statement No. 75 - "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." Additionally, the Town incurred capital costs of \$1,998,171 which were funded with short term bond anticipation notes, to be bonded at a later date. Contributing to the negative unrestricted net position is the Other Postemployment Benefits Other Than Pensions Liability (OPEB) of \$74,855,050, which New York State law currently prohibits funding.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$17,108,004, an increase of \$105,258. Exclusive of the capital projects fund, the combined ending fund balances were \$16,049,031, of which the total unassigned fund balances were \$3,230,883 at December 31, 2018.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$3,230,883 or 25% of total general fund expenditures and other financing uses.
- The Town retired \$1,225,000 of general obligation bonds during the year ended December 31, 2018.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's Comprehensive Annual Financial Report (CAFR). The basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes other supplementary information as listed in the table of contents.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide the readers with a broad overview of the Town's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town's assets, deferred outflows, liabilities, and deferred inflows with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator as to whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information reflecting how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (for example, uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the Town include general government support, public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services, and interest.

The government-wide financial statements can be found immediately following this discussion and analysis.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with the finance-related and legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenue, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, town outside villages fund, highway fund, special districts fund and capital projects fund, which are considered to be major funds. Data for the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The Town adopts an annual appropriated budget for its general fund, town outside villages fund, highway fund and special districts fund. A budgetary comparison statement has been provided for these funds within the basic financial statements to demonstrate compliance with the respective budgets.

Proprietary Funds

There are two types of proprietary funds, enterprise and internal service. *Enterprise funds* are used to report the same functions, which would be presented in the business-type activities in the government-wide financial statements. The Town does not have any enterprise funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among various functions. The Town uses an internal service funds to account for workers' compensation benefits and for the length of service award program provided to the Town's volunteer ambulance workers. These services benefit the Town and have been included within the governmental activities in the government-wide financial statements.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the Town programs. The Town maintains only one type of fiduciary fund that is known as an agency fund. Resources are held in this fund by the Town purely in a custodial capacity. The activity in this fund is limited to the receipt, temporary investment, and remittance of resources to the appropriate individuals, organizations or governments.

The financial statements for the governmental and fiduciary funds can be found in the basic financial statements section of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are located following the basic financial statements section of this report.

Other Information

Additional statements and schedules can be found immediately following the notes to the financial statements. These include the required supplementary information for the Town's other post-employment benefit obligations, pension information, the combining statements for the non-major governmental funds and schedules of budget to actual comparisons.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the Town's financial position. In the case of the Town, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$3,454,101 at the close of the current fiscal year.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

The Town's net position is restricted for various purposes (capital projects, debt service, special revenue funds, etc.) The restricted net position of \$7,296,297, represent resources that are subject to external restrictions on how they may be used. The restrictions are as follows:

	2018	2017
Capital projects	\$1,058,973	295,357
Debt service	2,095,365	2,482,904
Future capital projects	165,476	173,782
Tax stabilizations	300,000	200,000
Special revenue funds:		
Special districts	3,594,834	2,159,982
Special purposes	81,649	80,764
Total	\$7,296,297	5,392,789

Governmental Activities

Investments in capital assets, less any outstanding debt used to acquire those assets, account for \$56,331,960 total net position. The Town uses these assets to provide services to citizens. Consequently, the assets cannot be used for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets cannot be used to liquidate these liabilities.

The remaining balance of net position, representing unrestricted net position, to be used to meet the Town's ongoing obligations to citizens and creditors, is a negative \$67,082,358. This does not mean that the Town does not have resources available to meet its obligations in the ensuing year. Rather, it is the result of having long-term commitments, including compensated absences of \$2,071,927, bonds payable of \$5,536,000, net pension liability of \$1,339,231, and other postemployment benefit liability equaling \$74,855,050, that are greater than currently available resources. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates of potential long-term liabilities. Payments for these liabilities will be budgeted in the year that actual payment will be made.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Governmental activities decreased the Town's net position by \$1,054,248 for the fiscal year ended December 31, 2018.

The decrease in net position of \$1,054,248 is smaller than the prior year decrease of \$2,660,099. Total expenses decreased by \$3,415,298, primarily as a result of the implementation of GASB Statement No. 75, and the fact that the Town is no longer recognizing a portion of the total OPEB liability each year as required by GASB Statement No. 45. Revenues decreased by \$1,809,447.

Sources of Revenue for Fiscal Year 2018
Governmental Activities

Expenses for Fiscal Year 2018
Governmental Activities

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Revenues earned by the primary government totaled \$40,354,428, a decrease of \$1,809,447. Tax revenues decreased by \$609,870 in 2018. Nonproperty tax revenue or sales tax increased by \$235,638 over the prior year, while other tax items, which includes interest and penalties on property taxes, decreased by \$238,281. Operating grants and contributions decreased by \$92,723. Capital grants and contributions decreased by \$492,450 due to a one-time grant for a capital project, and unrestricted state aid decreased in mortgage tax receipts by \$332,077.

Expenses incurred by governmental activities of the Town totaled \$41,408,676, a decrease of \$3,415,298. The largest component of these expenses are in the areas of home and community services (31%), general government support (19%), transportation (21%), culture and recreation (16%), and public safety (7%).

Total expenses per the statement of activities decreased in 2018 by \$3,415,298. Savings were seen in general government support, which decreased by \$1,034,406, along with culture and recreation expenses, which decreased by \$556,091, economic opportunity and development decreased by \$65,918, and home and community services decreased by \$1,857,587. Public safety increased by \$27,258, health costs went up by \$1,312, transportation expenses also increased by \$82,157. Decreases in home and community services were primarily due to capital projects, specifically because of the reconstruction of the Croton Park Colony water tank.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Accounting Standards Board, (GASB) Statement No. 54 - "Fund Balance Reporting and Governmental Fund Type Definitions," defines five classifications for fund balance: nonspendable, restricted, committed, assigned and unassigned. An explanation of these classifications follows below.

Nonspendable - consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale and principal of endowments.

Restricted - consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Committed - consists of amounts that are subject to a purpose constraint imposed by a formal action of the government's highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint.

Assigned - consists of amounts that are subject to a purpose constraint that represents an intended use established by the government's highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance.

Unassigned - represents the residual classification for the government's general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

These classifications are designed to reflect spending constraints on resources, rather than availability for appropriations and to bring greater clarity and consistency to fund balance reporting. This pronouncement should result in an improvement in the usefulness of fund balance information.

Governmental Funds

The focus of the Town's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the Town itself, or an individual that has been delegated authority to assign resources for use for particular purposes by the Town Board.

As of the end of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$17,108,004, an increase of \$105,258 from the prior year. This is presented under GASB Statement No. 54, fund balance classifications. The non-spendable fund balance component is \$798,625, consisting of amounts representing prepaid expenditures. Total assigned fund balance is \$9,377,033 of which \$1,416,600 has been designated for subsequent year's expenditures and represents the amount estimated for use in the 2019 budget. An additional \$400,000 has been assigned for future retirement contributions to New York State, and another \$498,081, is assigned for purchases on order. The remaining assigned fund balance, \$7,062,352, represents amounts intended for use in the town outside villages fund, highway fund, water fund, and other special districts. Furthermore, \$3,230,883, constitutes unassigned fund balance, all of which is in the general fund.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

The remainder of the fund balance, \$3,701,463 is restricted to indicate that it is not available for new spending because it has already been committed to (1) capital projects, current and future, is \$1,224,449; (2) a reserve for parklands is \$81,649; (3) a reserve for debt service is \$2,095,365; and (4) a reserve for future loss of PILOT revenues due to the impending closure of Indian Point nuclear power plant equal to \$300,000 in 2018.

The **General Fund** is the primary operating fund of the Town. At the end of the current fiscal year, the total fund balance of the general fund was \$5,221,839. Of this amount, \$785,000 was designated to be used in the 2019 fiscal year. As a measure of the general fund liquidity, it is useful to compare both the unassigned fund balance and the total fund balance to the general fund expenditures and transfers out. The unassigned fund balance of \$3,230,883 represents 62% of the total fund balance of \$5,221,839 which represents 41% of the general fund expenditures and transfers out. This amount of fund balance is maintained because of the Town's responsibility to guarantee the real property tax levy of other taxing jurisdictions (school districts, fire districts, and Westchester County).

The fund balance in the **General Fund** decreased by \$241,455, during the current fiscal year. This is down \$511,954 from the 2017 increase of \$270,499. This is due partly to decreases in real property taxes of \$146,926, other tax items of \$283,281, state aid of \$329,247, federal aid of \$87,043 and miscellaneous income of \$136,456. Meanwhile, nonproperty taxes increased by \$140,638, departmental income increased by \$74,630 and intergovernmental charges by \$13,521. While savings occurred in general government support, public safety and culture and recreation, other areas such as transportation, economic opportunity and development and employee benefits increased in 2018. Total General Fund Expenditures decreased by \$82,713.

The fund balance for the **Town Outside Villages Fund** increased by \$62,996, during the current fiscal year. Total revenues increased by \$230,971 due to increases in real property taxes, departmental income, and miscellaneous revenue. While total revenues exceeded expenditures, total expenditures increased from the prior year by \$209,315. The largest increases were seen in public safety and employee benefits. Of the revenues, departmental income came in over the final budget by \$285,397, but non-property tax items were under budget by \$225,000 due to a board resolution to transfer additional sales tax revenue to the highway fund.

In the **Highway Fund**, the fund balance increased by \$18,343 in the current fiscal year. This is down \$69,024 from the 2017 increase of \$87,367. This change is primarily due to increased transportation expenses, employee benefit expense and debt service. Property taxes increased by \$82,595 and non-property tax items increased by \$235,000. However, the total increase in expenses was \$503,500, including an increase in employee benefits of \$122,899. Total revenues in the highway fund exceeded the budget by \$312,711. Transportation and employee benefits came in under budget in expenditures by a total of \$361,353.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

The combined **Special Districts Fund** fund balance decreased by \$111,588, in the current fiscal year, partly due to a decrease of \$98,048 in the consolidated water district. Water rates to the consumer were not increased in 2018, but metered water sales decreased by \$184,869. The fund balance in Cortlandt Ambulance District #2 decreased by \$78,945, offsetting the increase in fund balance for the combined special districts. This is partly due to the additional per diem coverage for the paramedics and administrative costs.

The **Capital Projects Fund** had an increase in fund balance of \$763,616. Expenses were attributable primarily to the design costs for a new DES headquarters, the mini golf course at Cook Park, and the Cook Pool Bath House. Bond anticipation notes were secured for the water tank replacement in 2018. Additionally, the Cook Park Fitness and Nature Trail was completed in 2018.

General Fund Budgetary Highlights

Actual revenues exceeded budgetary expectations by \$970,451. Real property taxes came in \$420,520 over budget. Non-property tax items, or sales tax, came in over budget by \$475,015. Federal Aid came in under budget by \$40,929 due to the completion of a 10 year grant for the Cortlandt Community Coalition. The Town is currently applying for a new grant.

Actual expenditures and other financing uses were \$289,260 less than the final budget. The difference between the original appropriations budget and the final amended budget was \$695,566. This change was mostly attributable to general government support and culture and recreation for the completion of the Broadway Boulevard Streetscape capital project, the Cook Park Fitness and Nature Trail, and designs for the Cook Pool Bath House and new DES headquarters. The Town also began construction of the mini golf course at Cook Park to be completed in 2019.

Investment in Joint Venture

The Town of Cortlandt participates in the Northern Westchester Joint Water Works. The purpose of the joint venture is to construct, maintain and operate a water filtration and transmission system for its members. The Town has an equity interest in the joint venture of 30% or \$4,611,724.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

Capital Assets

The Town's investment in capital assets for its governmental activities as of December 31, 2018, amounted to \$62,715,414 (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings, machinery and equipment, infrastructure and construction-in-progress. The Town has added the value of its infrastructure assets constructed and acquired between the years 1980 and 2003, in accordance with accounting requirements set by the Governmental Accounting Standards Board (GASB) Statement No. 34.

**Capital Assets
(Net of Accumulated Depreciation)**

	<u>2018</u>	<u>2017</u>
Land	\$ 20,513,469	20,513,469
Buildings and improvements	7,854,916	8,246,582
Machinery and equipment	5,034,532	4,808,679
Construction-in-progress	2,151,630	2,770,728
Infrastructure	<u>27,160,867</u>	<u>27,374,668</u>
Total	<u>\$ 62,715,414</u>	<u>63,714,126</u>

The following highlights the amounts expended during the current fiscal year on major capital assets:

- Cook Park Fitness and Nature Trail
- Designs for Cook Pool Bath House
- Broadway Boulevard Streetscape improvements
- Designs for new DES headquarters
- Improvements on Rt 9A sidewalks
- Construction of Cook Park mini golf course

Additional information on the Town's capital assets can be found in note 3(d) of this report.

Long-term Debt

At the end of the current fiscal year, the Town had total bonded debt outstanding of \$5,536,000. As required by New York State Law, all bonds issued by the Town are general obligation bonds, backed by the full faith and credit of the Town.

In 2018, the Town paid \$1,225,000 in principal on outstanding obligations.

TOWN OF CORTLANDT, NEW YORK
Management's Discussion and Analysis, Continued

In 2018, the Town entered into lease/purchase agreements as lessee for financing the acquisition of heavy equipment for its refuse district and highway fund for \$394,097, which were capitalized. Additionally, the Town entered into a capital lease to replace street lighting with energy efficient LED streetlights totaling \$253,720, which was below the Town's threshold for individual capital items. The net present value of the minimum lease payments at December 31, 2018 for all leased assets are \$847,454.

Through sound financial management and manageable debt levels, the Town has been successful in maintaining its high-grade rating for its general obligation bonds, currently rated Aa2 by Moody's Investors Service.

Additional information on the Town's long-term debt can be found in note 3 of this report.

Requests for Information

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Comptroller, Town of Cortlandt, 1 Heady Street, Cortlandt Manor, New York 10567.

TOWN OF CORTLANDT, NEW YORK
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position - Governmental Activities
December 31, 2018

Total governmental fund balances	\$ 17,108,004
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.	62,715,414
Investment in joint venture is an asset reported in the statement of net position but not in the governmental funds balance sheet.	4,611,724
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	
Real property taxes	1,041,456
Departmental income	401,480
Internal service funds are used by management to charge the costs of insurance to the governmental funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the statement of net position.	(1,581,042)
Governmental funds do not report the effect of assets or liabilities related to net pension assets (liabilities) whereas these amounts are deferred and amortized in the statement of activities.	
Deferred amounts on net pension liabilities	292,077
Governmental funds do not report the effect of assets or liabilities related to other postemployment benefit obligations whereas these amounts are deferred and amortized in the statement of activities.	
Deferred amounts on other postemployment benefit obligations	(3,201,341)
Long-term liabilities that are not due and payable in the current period are not reported in the funds.	
Accrued interest payable	(23,480)
Bonds payable	(5,536,000)
Capital lease obligations	(847,454)
Compensated absences	(2,071,927)
Claims payable - general liability	(168,731)
Net pension liability, proportionate share	(1,339,231)
Other postemployment benefit obligations payable	(74,855,050)
Net position of governmental activities	\$ (3,454,101)

See accompanying notes to financial statements.

TOWN OF CORTLANDT, NEW YORK
Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances -
Governmental Funds to the Statement of Activities - Governmental Activities
For the year ended December 31, 2018

Net change in fund balance		\$ 105,258
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays and amounts paid to joint ventures as expenditures. However, in the statement of activities, these costs are allocated over their estimated useful lives and reported as depreciation expense or additional revenue.		
Addition of assets	\$2,815,016	
Loss on disposal	(1,290,076)	
Depreciation expense	(2,523,652)	
Investment in joint venture	<u>135,990</u>	(862,722)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Real property taxes	(775,918)	
Intergovernmental charges	<u>(246,109)</u>	(1,022,027)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
Principal paid on bonds		1,225,000
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.		
Accrued interest	2,314	
Compensated absences	538,131	
Capital leases	(414,203)	
Net pension liability	2,555,974	
Deferred pension outflows	1,146,847	
Deferred pension inflows	(3,612,019)	
Claims payable general liability	(103,594)	
Deferred OPEB inflows	(3,201,341)	
Other postemployment benefit liability	<u>1,998,942</u>	(1,088,949)
Internal service funds are used by management to charge the cost of risk to individual funds. The net revenue of the internal service funds are reported with governmental activities.		
		<u>589,192</u>
Change in net position of governmental activities		<u><u>\$(1,054,248)</u></u>

See accompanying notes to financial statements.

TOWN OF CORTLANDT, NEW YORK

Notes to Financial Statements

December 31, 2018

(1) Summary of Significant Accounting Policies

The Town of Cortlandt, New York (Town) was established in 1788 and operates in accordance with Town Law and the various other applicable laws of the State of New York. The Town Board is the legislative body responsible for overall operation. The Town Supervisor serves as the chief executive officer and as the chief financial officer. The Town provides the following services to its residents: public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services and general and administrative support.

The accounting policies of the Town conform to generally accepted accounting principles as applicable to governmental units and the Uniform System of Accounts as prescribed by the State of New York. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the Town's more significant accounting policies:

(a) Financial Reporting Entity

The financial reporting entity consists of a) the primary government which is the Town, b) organizations for which the Town is financially accountable and c) other organizations for which the nature and significance of their relationship with the Town are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth by GASB.

In evaluating how to define the Town, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the Town's reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. Based upon the application of these criteria, there are no other entities which would be included in the financial statements.

(b) Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all non-fiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used.

The statement of net position presents the financial position of the Town at the end of its fiscal year. The statement of activities demonstrates the degree to which direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(b) Government-Wide Financial Statements, Continued

goods or services, or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and (3) interest earned on grants that is required to be used to support a particular program. Taxes and other items not identified as program revenues are reported as general revenues. The Town does not allocate indirect expenses to functions in the statement of activities.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary funds principal on-going operation. The principal operating revenue of the internal service fund is charges to customers for services. Operating expenses for the internal service fund include benefit and pension costs. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses.

(c) Fund Financial Statements

The accounts of the Town are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances/net position, revenues and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The Town maintains the minimum number of funds consistent with legal and managerial requirements. The focus of governmental fund financial statements is on major funds as that term is defined in professional pronouncements. Each major fund is to be presented in a separate column, with non-major funds, if any, aggregated and presented in a single column. Proprietary and fiduciary funds are reported by type. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the pages following, which briefly explain the adjustments necessary to transform the fund based financial statements into the governmental activities column of the government-wide presentation. The Town's resources are reflected in the fund financial statements in three broad fund categories, in accordance with generally accepted accounting principles as follows:

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(c) Fund Financial Statements, Continued

Fund Categories

(1) Governmental Funds - Governmental funds are those through which most general government functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the Town's major governmental funds:

General Fund - The general fund constitutes the primary fund of the Town and is used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed or assigned to expenditures for specified purposes other than debt service or capital projects. The major special revenue funds of the Town are as follows:

Town Outside Villages Fund - The town outside villages fund is used to account for transactions which by statute affect only those areas outside the boundaries of the villages located within the Town. The major revenues of this fund are real property taxes, non-property taxes and departmental income.

Highway Fund - The highway fund is used to account for road and bridge maintenance and improvements as defined in the Highway Law of the State of New York. The major revenues of this fund are real property taxes and State aid.

Special Districts Fund - The special districts fund is provided to account for the operation and maintenance of the Town's fire protection, water, lighting, sewer, ambulance, park, drainage and improvement districts. The major revenues of this fund are real property taxes and departmental income.

Capital Projects Fund - The capital projects fund is used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(c) Fund Financial Statements, Continued

Fund Categories, Continued

(1) Governmental Funds, Continued

The Town also reports the following non-major governmental funds:

Special Revenue Fund - Special Purpose Fund - The special purpose fund is used to account for assets held by the Town in accordance with the terms of a trust agreement.

Debt Service Fund - The debt service fund is provided to account for and report financial resources that are restricted, committed or assigned to expenditures for principal and interest and for financial resources that are being accumulated for principal and interest maturing in future years.

(2) Proprietary Funds - Proprietary funds include internal service funds. Internal service funds account for operations that provide services to other departments or agencies of the government, or to other governments, on a cost reimbursement basis. The Town has established its workers' compensation benefits fund and Length of Service Awards Program fund as internal service funds. The Length of Service Awards Program fund is provided to account for the Town's ambulance service awards programs.

(3) Fiduciary Funds (not included in government-wide financial statements) - The Fiduciary Funds are used to account for assets held by the Town in an agency capacity on behalf of others. The agency fund is used to account for employee payroll tax withholdings and other deposits that are payable to other jurisdictions or individuals.

(d) Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the pension trust and internal service funds. The agency fund has no measurement focus but utilizes the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(d) Focus, Basis of Accounting and Financial Statement Presentation, Continued

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered to be available if collected within sixty days of the fiscal year end. A ninety day availability period is generally used for revenue recognition for most other governmental fund revenues. Property taxes associated with the current fiscal period as well as charges for services and intergovernmental revenues are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from Federal and State grants are accrued when the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, net pension liability, other postemployment benefit obligations and certain claims are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances

Deposits, Investments and Risk Disclosure

Cash and Equivalents - Cash and equivalents consist of funds deposited in demand deposit accounts, time deposit accounts and certificates of deposit with original maturities of less than three months.

The Town's investment policies are governed by State statutes. The Town has adopted its own written investment policy which provides for the deposit of funds in FDIC insured commercial banks or trust companies located within the State. The Town is authorized to use demand deposit accounts, time deposit accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury, U.S. Agencies, repurchase agreements and obligations of New York State or its political subdivisions.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100% of all deposits not covered by Federal deposit insurance. The Town has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligations that may be pledged as collateral. Such obligations include, among other instruments, obligations of the United States and its agencies and obligations of the State and its municipal and school district subdivisions.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

Deposits, Investments and Risk Disclosure, Continued

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the Town's name. The Town's aggregate bank balances that were not covered by Federal depository insurance were not exposed to custodial credit risk at December 31, 2018.

The Town was invested only in the above mentioned obligations and, accordingly, was not exposed to any interest rate risk or credit risk.

Investments - Investments of the Length of Service Awards Program fund are stated at fair value. The amounts are invested in various portfolios by the trustee of the fund, who has been designated by the State Comptroller. These investments are unrated. The Town has no formal policy relating to interest rate or credit risk for these investments.

Fair Value Measurement - Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under generally accepted accounting principles are as follows:

- Level 1 - Valuations are based on quoted prices in active markets for identical asset or liabilities that the component units have the ability to access.
- Level 2 - Valuations are based on quoted prices in markets that are not active or for which all significant inputs are observable directly, or indirectly.
- Level 3 - Valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

Fair Value of Financial Statements - The fair value of financial instruments classified as current assets or liabilities, including cash, investments, accounts receivable, and accounts payable and accrued expenses approximate carrying value, principally because of the short maturity of those items. Bonds payable are carried at cost, which approximates the fair value based on current rates at which the Town could borrow funds with similar maturities.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

Taxes Receivable - Real property taxes attach as an enforceable lien on real property and are levied on January 1st. The Town collects county, town, highway and special district taxes which are due April 1st and payable without penalty to April 30th. School districts taxes for the period July 1st to June 30th are levied on July 1st and are due on September 1st with the first half payable without penalty until September 30th and the second half payable without penalty until January 31st. The Town guarantees the full payment of the county and school districts warrants and assumes the responsibility for uncollected taxes. The Town also has the responsibility for conducting in-rem foreclosure proceedings.

The Town functions in both a fiduciary and guarantor relationship with the County of Westchester and the various school districts located within the Town with respect to the collection and payment of real property taxes levied by such jurisdictions. County taxes are included in the Town's levy and are payable without penalty for thirty days. The County Charter provides for the Town to collect County and school districts taxes and remit them as collected to the respective municipality. However, the Town must remit to the County sixty percent of the amount levied by May 25th and the balance of forty percent on October 15th. With respect to school districts taxes, the Charter provides that the Town satisfy the warrant of each school district by April 5th. Thus, the Town's fiduciary responsibility is from the date of the levy until the due date of the respective tax warrant at which time the Town must satisfy its obligations to the municipalities regardless of the amounts collected. The County tax warrant is due in October and uncollected County taxes have been accounted for in a manner similar to Town taxes. The collection of school districts taxes is deemed a financing transaction until the warrants are satisfied.

Other Receivables - Other receivables include amounts due from other governments and individuals for services provided by the Town. Receivables are recorded and revenues are recognized as earned or as specific program expenses/expenditures are incurred. Allowances are recorded when appropriate.

Due From/To Other Funds - During the course of its operations, the Town has numerous transactions between funds to finance operations, provide services and construct assets. To the extent that certain transactions between funds had not been paid or received as of December 31, 2018, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Inventory - There are no inventory values presented in the balance sheets of the respective funds of the Town. Purchases of inventoriable items at various locations are recorded as expenditures at the time of purchase and year-end balances at these locations are not material.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

Prepaid Expenses/Expenditures - Certain payments to vendors reflect costs applicable to future accounting periods, and are recorded as prepaid items using the consumption method in both the government-wide and fund financial statements. Prepaid expenses/expenditures consist of costs which have been satisfied prior to the end of the fiscal year, but represent amounts which have been provided for in the subsequent year's budget and/or will benefit such periods. Reported amounts in governmental funds are equally offset by nonspendable fund balance, in the fund financial statements, which indicates that these amounts do not constitute "available spendable resources" even though they are a component of current assets.

Investment in Joint Venture - The Town, together with the Towns of Yorktown and Somers and the Montrose Improvement District, participate in the Northern Westchester Joint Water Works (a joint venture). The purpose of the joint venture is to construct, maintain and operate a water works supply, treatment, and transmission system for its members. The Town is required to fund its share of the construction costs and will retain an equivalent equity interest in the physical plant and its operations. For additional disclosures see note 3(c).

Capital Assets - Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items) are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the Town chose to include all such items acquired since 1980. The Town was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year).

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives is not capitalized.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

Land and construction-in-progress are not depreciated. Property, plant, equipment and infrastructure of the Town are depreciated using the straight line method over the following estimated useful lives.

<u>Class</u>	<u>Life in Years</u>
Buildings and improvements	20-40
Machinery and equipment	5-10
Infrastructure	20-50

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures on the governmental fund financial statements. Capital assets are not shown on the governmental fund balance sheet.

Unearned Revenues - Unearned revenues arise when assets are recognized before revenue recognition criteria has been satisfied. In government-wide financial statements, unearned revenues consist of amounts received in advance and/or grants received before the eligibility requirements have been met.

Unearned revenues in fund financial statements are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met. The Town has reported unearned revenues of \$401,480 for debt service requirements due from other governments and \$54,999 for a donation received in advance in the special districts fund - consolidated water district, \$9,500 for fees received in advance in the special districts fund - Country Woods sewer district and \$25,000 for grants received in advance in the capital projects fund. Such amounts have been deemed to be measurable but not “available” pursuant to generally accepted accounting principles.

Deferred Outflows/Inflows of Resources - In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The Town reported deferred inflows of resources of \$1,041,456 for real property taxes in the general fund. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

The Town also reported deferred outflows of resources and deferred inflows of resources in relation to its pension obligations and postemployment benefit obligations on the statement of net position. These amounts are detailed in the discussion of the Town's pension plans and postemployment benefit obligations in note (3)(f).

Long-Term Liabilities - In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the period of issuance. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as capital projects fund expenditures.

Compensated Absences - The various collective bargaining agreements provide for the payment of accumulated vacation and sick leave upon separation from service. The liability for such accumulated leave is reflected in the government-wide statement of net position as current and long-term liabilities. A liability for these amounts is reported in the governmental funds only if the liability has matured through employee resignation or retirement. The liability for compensated absences includes salary related payments, where applicable.

Net Pension Liability - The net pension liability represents the Town's proportionate share of the net pension liability of the New York State and Local Employees' Retirement System and the New York State Local Police and Fire Retirement System. The financial reporting of these amounts is presented in accordance with the provisions of GASB Statement No. 68 - "Accounting and Financial Reporting for Pensions" and GASB Statement No. 71 - "Pension Transition for Contributions Made Subsequent to the Measurement Date."

Net Position - Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position on the statement of net position includes, net investment in capital assets, restricted for capital projects, debt service, future capital projects, special districts and special purpose. The balance is classified as unrestricted.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

Fund Balances - Generally, fund balance represents the difference between current assets and deferred outflows of resources and current liabilities and deferred inflows of resources. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts those funds can be spent. Under this standard the fund balance classifications are as follows:

- Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form (inventories, prepaid amounts, long-term receivables, advances) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).
- Restricted fund balance is reported when constraints placed on the use of the resources are imposed by grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification is used to report funds that are restricted for debt service obligations and for other items contained in General Municipal Law of the State of New York.
- Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. The Town Board is the highest level of decision making authority for the Town that can, by the adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, these funds may only be used for the purpose specified unless the Town Board removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes certain amounts established and approved by the Town Board.
- Assigned fund balance, in the general fund, represents amounts constrained either by policies of the Town Board for amounts assigned for balancing the subsequent year's budget or the Town Supervisor for amounts assigned for encumbrances. Unlike commitments, assignments generally only exist temporarily, in that additional action does not normally have to be taken for the removal of the assignment. An assignment cannot result in a deficit in the unassigned fund balance in the general fund. Assigned fund balance in all other governmental funds represents any positive remaining amount after classifying nonspendable, restricted or committed fund balance amounts.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances, Continued

- Unassigned fund balance, in the general fund, represents amounts not classified as nonspendable, restricted, committed or assigned. The general fund is the only fund that would report a positive amount in unassigned fund balance. For all governmental funds other than the general fund, unassigned fund balance would necessarily be negative, since the fund's liabilities and deferred inflows of resources, together with amounts already classified as nonspendable, restricted and committed would exceed the fund's assets and deferred outflows of resources.

In order to calculate the amounts to report as restricted and unrestricted fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Town's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Town's policy to use fund balance in the following order: committed, assigned, and unassigned.

(f) Encumbrances

In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the general, town outside villages, highway and special districts funds. Encumbrances outstanding at year-end are reported as assigned fund balance since they do not constitute expenditures or liabilities.

(g) Use of Estimates

The preparation of the financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

(h) Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued.

(i) Impact of Recently Issued Accounting Pronouncements

During the year ended December 31, 2018, the Town implemented Government Accounting Standards Board Statement (GASB) Statement No. 75 - "Accounting and Financial Reporting for Postemployment Benefits and other Persons." The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions. See notes 3(f)(9) and 6 of the financial statements for the impact on the financial statements.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(i) Impact of Recently Issued Accounting Pronouncements, Continued

The GASB has issued Statement No. 83 - "Certain Asset Retirement Obligations," which will be effective for the year ending December 31, 2019.

The GASB has issued GASB Statement No. 87 - "Leases," which will be effective for the year ending December 31, 2020.

The GASB has issued GASB Statement No. 88 - "Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements," which will be effective for the year ending December 31, 2019.

The GASB has issued GASB Statement No. 89 - "Accounting for Interest Cost Incurred before the End of a Construction Period," which will be effective for the year ending December 31, 2020.

The GASB has issued GASB Statement No. 90 - "Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61, which will be effective for the year ending December 31, 2019.

(2) Stewardship, Compliance and Accountability

(a) Budgetary Data

The Town generally follows the procedures enumerated below in establishing the budgetary data reflected in the financial statements:

- (1) Prior to October 20th, the head of each administrative unit shall submit to the budget officer an estimate of revenues and expenditures for such administrative unit for the ensuing year.
- (2) The budget officer, upon completion of the review of the estimates, shall prepare a tentative budget and file such budget in the office of the Town Clerk on or before October 30th.
- (3) On or before November 10th, the Town Clerk shall present the tentative budget to the Town Board.
- (4) The Town Board shall review the tentative budget and may make such changes, alterations and revisions as it shall consider advisable and which are consistent with law. Upon completion of such review, the tentative budget and any modifications as approved by the Town Board shall become the preliminary budget.
- (5) On or before December 10th, the Town Board shall hold a public hearing on the preliminary budget.
- (6) After the public hearing, the Town Board may further change, alter and revise the preliminary budget subject to provisions of the law.
- (7) The preliminary budget as submitted or amended shall be adopted by resolution not later than December 20th.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(2) Stewardship, Compliance and Accountability, Continued

(a) Budgetary Data, Continued

- (8) Formal budgetary integration is employed during the year as a management control device for general, town outside villages, highway, special districts and debt service funds.
- (9) Budgets for general, town outside villages, highway, special districts and debt service funds are legally adopted annually on a basis consistent with generally accepted accounting principles. The capital projects fund is budgeted on a project basis. Annual budgets are not adopted for the Proprietary and Special Purpose funds.
- (10) The Town Board has established legal control of the budget at the function level of expenditures. Transfers between appropriation accounts, at the function level, require approval by the Board. Any modification to appropriations resulting from an increase in revenue estimates or supplemental reserve appropriation also require a majority vote by the Board.
- (11) Appropriations in general, town outside villages, highway, special districts and debt service funds lapse at the end of the fiscal year, except that outstanding encumbrances are reappropriated in the succeeding year pursuant to the Uniform System of Accounts promulgated by the Office of the State Comptroller.
- (12) Budgeted amounts are as originally adopted, or as amended by the Town Board.

(b) Property Tax Limitation

The Town is not limited as to the maximum amount of real property taxes which may be raised. However, on June 24, 2011, the Governor signed Chapter 97 of the Laws of 2011 (Tax Levy Limitation Law). This applies to all local governments.

The Tax Levy Limitation Law restricts the amount of real property taxes that may be levied by a Town in a particular year. The original legislation that established the Tax levy Limitation Law was set to expire on June 16, 2016. Chapter 20 of the Laws of 2015 extends the Tax Levy Limitation Law through June 2020. Additional changes to the Tax Levy Limitation Law occurred after December 31, 2018 and will be reflected in the financial statements of future periods.

The following is a brief summary of certain relevant provisions of the tax levy limitation law. The summary is not complete and the full text of the tax levy limitation law should be read in order to understand the details and implementations thereof.

The tax levy limitation law imposes a limitation on increases in the real property tax levy, subject to certain exceptions. The tax levy limitation law permits the Town to increase its overall real property tax levy over the tax levy of the prior year by no more than the “allowable levy growth factor,” which is the lesser of one and two-one hundredths or the sum of one plus the inflation factor; provided, however that in no case shall the levy growth factor be less than one. The inflation factor is the quotient of: (i) the average of

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(2) Stewardship, Compliance and Accountability, Continued

(b) Property Tax Limitation, Continued

the 20 national consumer price indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the coming fiscal year minus the average of the national consumer price indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the prior fiscal year, divided by (ii) the average of the national consumer price indexes determined by the United States with the result expressed as a decimal to four places. The Town is required to calculate its tax levy limit for the upcoming year in accordance with the provision above and provide all relevant information to the New York State Comptroller prior to adopting its budget. The tax levy limitation law sets forth certain exclusions to the real property tax levy limitation of the Town, including exclusions for certain portions of the expenditures for retirement system contributions and tort judgments payable by the Town. The Town Board may adopt a budget that exceeds the tax levy limit for the coming fiscal year, only if the Town Board first enacts, by a vote of at least sixty percent of the total voting power of the Town Board, a local law to override such limit for such coming fiscal year.

(c) Fund Deficits

The following funds reflect deficits as of December 31, 2018:

Internal service fund:

Workers' compensation benefits fund	\$1,401,878
Length of service award program fund	179,164

The deficits in individual capital projects arise, in-part, because of the application of generally accepted accounting principles to the financial reporting of such funds. The proceeds of bond anticipation notes issued to finance construction of capital projects are not recognized as an "other financing source." Liabilities for bond anticipation notes are accounted for in the capital project fund. Bond anticipation notes are recognized as revenue only to the extent that they are redeemed. These deficits will be reduced and eliminated as bond anticipation notes are redeemed from interfund transfers from other governmental funds or converted to permanent financing. Other deficits, where no bond anticipation notes were issued or outstanding to the extent of the project deficits, arise because of expenditures exceeding current financing on the projects. These deficits will be eliminated with the subsequent receipt or issuance of authorized financing.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds

(a) Taxes Receivable

Taxes receivable at December 31, 2018 consisted of the following:

Town and county taxes - current	\$ 472,551
School districts taxes - current	36,273,887
Taxes receivable - overdue	2,036,803
Property acquired for taxes	<u>443,962</u>
	39,227,203
Allowance for uncollectible taxes	<u>(1,559,369)</u>
	\$ <u>37,667,834</u>

School districts taxes are offset by liabilities to the school districts which will be paid no later than April 5, 2019. Taxes receivable are also partially offset at the fund level by deferred tax revenues of \$1,041,456, which represents an estimate of the receivable which will not be collected within the first sixty days of the subsequent year.

(b) Due From/To Other Funds

The balances reflected as due from/to other funds at December 31, 2018 were as follows:

<u>Fund</u>	<u>Due From</u>	<u>Due To</u>
General	\$ 401,290	661,373
Town outside villages	197,957	379,037
Highway	260,468	45,118
Special districts	1,573,215	1,623,493
Capital projects	876,091	2,695,626
Non-major governmental	<u>2,095,626</u>	<u>-</u>
	\$ <u>5,404,647</u>	<u>5,404,647</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

(c) Investment in Joint Venture

The Town participates in the Northern Westchester Joint Water Works. The purpose of the joint venture is to construct, maintain and operate a water works supply, treatment, and transmission system for its members. The Town has an equity interest in the joint venture of 30%.

TOWN OF CORTLANDT, NEW YORK

Depreciation expense was charged to the Town's functions and programs as follows:

General government support	\$ 65,346
Public safety	71,340
Transportation	608,899
Culture and recreation	508,791
Home and community services	<u>1,269,276</u>
Total depreciation expense	\$ <u><u>2,523,652</u></u>

(e) Short-Term Capital Borrowings

The schedule below details the changes in short-term capital borrowings.

<u>Purpose</u>	<u>Year of Original Issue</u>	<u>Maturity Date</u>	<u>Rate of Interest</u>	<u>Balance January 1, 2018</u>	<u>New Issues</u>	<u>Redemptions</u>	<u>Balance December 31, 2018</u>
Croton Park Water Tank #1 Replacement	2013	10/11/19	1.90%	\$ 2,200,000	2,150,000	(2,200,000)	2,150,000
Sprout Brook Park All-Purpose Ball Fields	2015	10/12/18	1.50%	450,000	-	(450,000)	-
Gabriel Drive Water Main Replacements	2013	10/12/18	1.50%	<u>350,000</u>	-	<u>(350,000)</u>	-
				<u>\$ 3,000,000</u>	<u>2,150,000</u>	<u>(3,000,000)</u>	<u>2,150,000</u>

Liabilities for bond anticipation notes are generally accounted for in the capital projects fund. Bond anticipation notes issued for judgments or settled claims are recorded in the fund paying the claim. Principal payments on bond anticipation notes must be made annually. State law requires that bond anticipation notes issued for capital purposes or judgments be converted to long-term obligations generally within five years after the original issue date. However, bond anticipation notes issued for assessable improvement projects may be renewed for periods equivalent to the maximum life of the permanent financing, provided that stipulated annual reductions of principal are made.

Interest expenditures of \$27,232 were recorded in the consolidated water district within the special districts fund. Interest expense of \$28,239 was recorded on the government-wide financial statements.

(f) Long-Term Liabilities

The following table summarizes changes in the Town's long-term liabilities for the year ended December 31, 2018:

	Balance January 1, 2018 (Restated)	New issues/ additions	Maturities and/or payments	Balance December 31, 2018	Due within one year
Bonds payable :					
Capital construction	\$ 5,896,000	-	(465,000)	5,431,000	476,000
Other	865,000	-	(760,000)	105,000	105,000
Total bonds payable	<u>6,761,000</u>	<u>-</u>	<u>(1,225,000)</u>	<u>5,536,000</u>	<u>581,000</u>
Other noncurrent liabilities:					
Compensated absences	2,610,058	-	(538,131)	2,071,927	207,000
Net pension liability	3,895,205	-	(2,555,974)	1,339,231	-
Claims payable	2,719,656	154,418	(580,955)	2,293,119	808,731
Capital lease and installment purchases	433,251	647,817	(233,614)	847,454	188,852
Other postemployment benefit obligations payable	76,853,992	4,464,045	(6,462,987)	74,855,050	-
Length of service award program	847,596	131,410	(48,921)	930,085	-
Total other noncurrent liabilities	<u>87,359,758</u>	<u>5,397,690</u>	<u>(10,420,582)</u>	<u>82,336,866</u>	<u>1,204,583</u>
Total long-term liabilities	<u>\$ 94,120,758</u>	<u>5,397,690</u>	<u>(11,645,582)</u>	<u>87,872,866</u>	<u>1,785,583</u>

Each governmental funds' liability for compensated absences, net pension liability, other postemployment benefit obligations and claims is liquidated by the general, town outside villages, highway and special districts funds. The liability for bonds is liquidated by the debt service fund, which is funded by transfers from other funds.

(1) Bonds Payable

Bonds payable at December 31, 2018 are comprised of the following individual issues:

Purpose	Year of Issue	Original Issue Amount	Final Maturity	Interest Rates	Amount Outstanding at December 31, 2018
Joint venture	1998	\$ 810,000	April, 2019	1.915 - 2.255%	105,000
Public improvements	1999	2,200,000	November, 2019	5.375 - 5.600%	60,000
Public improvements	2004	1,950,000	December, 2024	3.500 - 4.125%	675,000
Sewer Improvements	2009	390,000	September, 2019	3.800%	36,000
Public Improvements	2010	3,352,000	June, 2030	1.750 - 4.000%	2,255,000
Public Improvements	2016	2,625,000	May, 2036	2.000 - 2.6000%	2,405,000
					<u>\$ 5,536,000</u>

(f) Long-Term Liabilities, Continued

(1) Bonds Payable, Continued

Interest expenditures of \$182,007 were recorded in the fund financial statements in the debt service fund. Interest expense of \$184,516 was recorded in the government-wide financial statements for governmental activities.

(2) Payments to Maturity

The annual requirements to amortize all bonded debt outstanding as of December 31, 2018 including interest payments of \$1,134,935 are as follows:

<u>Year ended</u> <u>December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 581,000	157,534	738,534
2020	385,000	139,708	524,708
2021	390,000	128,901	518,901
2022	400,000	117,158	517,158
2023	415,000	104,370	519,370
2024-2028	1,730,000	346,809	2,076,809
2029-2033	1,155,000	121,672	1,276,672
2034-2036	480,000	18,783	498,783
	<u>\$ 5,536,000</u>	<u>1,134,935</u>	<u>6,670,935</u>

The above general obligation bonds are direct obligations of the Town for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the Town.

(3) Compensated Absences

In accordance with existing collective bargaining agreements, employees are entitled to accumulate up to 180 days of sick leave. Upon retirement, employees will be compensated for this accumulated sick leave at the rate of 25% for the first sixty days, 33 1/3% for the second sixty days and 50% for the third sixty days. Vacation time earned during the fiscal year can be carried over to the succeeding year, subject to the limitations as provided in the respective collective bargaining agreements. The value of the compensated absences has been reflected in the government-wide financial statements.

(4) Capital Leases and Installment Purchase Agreements

The Town has entered into lease agreements as lessee for financing the acquisition of heavy equipment for its refuse district and highway fund. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at present value of their future minimum lease payments as of the inception date.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(f) Long-Term Liabilities, Continued

(4) Capital Leases and Installment Purchase Agreements, Continued

The assets acquired through the capital leases are as follows at December 31, 2018:

	<u>Governmental Activities</u>
Assets:	
Machinery and equipment	\$ 1,000,803
Less: accumulated depreciation	<u>113,098</u>
Total	\$ <u>887,705</u>

The Town also entered into an installment purchase agreement with the New York Power Authority for the upgrade of all street lighting to energy efficient LED bulbs. The total cost of this project was \$253,720, and it has been financed over a five year term. No capital assets were acquired as no individual items met the capitalization threshold.

The future minimum lease and installment purchase obligations and the net present value of these minimum payments as of December 31, 2018 are as follows:

<u>Year Ending December 31,</u>	<u>Governmental Activities</u>
2019	\$ 188,852
2020	192,155
2021	195,519
2022	198,945
2023	<u>71,983</u>

(5) Pension Plans

New York State and Local Retirement System

The Town participates in the New York State and Local Employees' Retirement System (ERS) which is referred to as the New York State and Local Retirement System (System). These are cost-sharing, multiple-employer defined benefit pension plans. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (Fund), which was established to hold all net assets and record changes in plan net position. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Town also participates in the Public Employees' Group Life Insurance Plan, which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, New York 12244.

The System is noncontributory except for employees who joined after July 27, 1976, who contribute 3% of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute between 3% and 6% of their salary for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the System's fiscal year ending March 31. The employer contribution rates for the plan's year ending in 2019 are as follows:

<u>Tier/Plan</u>	<u>Rate</u>
3A14	15.7%
4A15	15.7
5A15	12.9
6A15	9.2

Contributions for the current and the preceding year were equal to 100% of the contributions, and were as follows:

2018	\$ 1,648,207
2017	1,670,969
2016	1,594,210

At December 31, 2018, the Town reported a liability of \$1,339,231 for its proportionate share of the net pension liability of ERS. The net pension liability was measured as of March 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of April 1, 2017. The Town's portion of the net pension liability was based on a computation of the actuarially determined indexed present value of future compensation by employer relative to the total of all participating members. At December 31, 2018, the Town's portion was 0.0414951% for ERS. This is an increase in proportionate share of 0.0000401% from December 31, 2017.

For the year ended December 31, 2018, the Town recognized pension expense in the government-wide financial statements of \$1,600,567 for ERS. Pension expenditures of \$1,691,371 for ERS were recorded in the fund financial statements and were charged to the following funds:

	<u>ERS</u>
General fund	\$ 715,843
General - Northwest	36,086
Town outside villages	614,636
Highway	230,867
Special districts	<u>93,939</u>
Total	\$ <u>1,691,371</u>

At December 31, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 477,660	394,720
Changes of assumptions	888,020	-
Net difference between projected and actual earnings on pension plan investments	1,945,126	3,839,484
Changes in proportion and differences between the Town's contributions and proportionate share of contributions	37,958	70,507
Town's contributions subsequent to the measurement date	<u>1,248,024</u>	<u>-</u>
Total	<u>\$ 4,596,788</u>	<u>4,304,711</u>

The \$1,248,024 reported as deferred outflows of resources related to ERS resulting from the Town's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended March 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ERS will be recognized in pension expense as follows:

<u>Year ending</u>	<u>ERS</u>
2019	\$ 268,195
2020	206,404
2021	(986,758)
2022	(443,788)

The total pension liability for the March 31, 2018 measurement date was determined by using an actuarial valuation as of April 1, 2017, with update procedures used to roll forward the total pension liabilities to March 31, 2018. The total pension liabilities for the March 31, 2017 measurement date were determined by using an actuarial valuation as of April 1, 2017. Significant actuarial assumptions used in the April 1, 2017 valuation were as follows:

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(f) Long-Term Liabilities, Continued

(5) Pension Plans, Continued

New York State and Local Retirement System, Continued

Actuarial cost method	Entry age normal
Inflation	2.5%
Salary scale	3.8% on average
Investment rate of return	7.0% compounded annually, net of investment expenses, including inflation
Cost of living adjustments	1.3% annually

Annuitant mortality rates are based on the April 1, 2010 - March 31, 2015 system's experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2014.

The actuarial assumptions used in the April 1, 2017 valuation are based- on the results of an actuarial experience study for the period April 1, 2010 - March 31, 2015.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class below:

<u>Asset type</u>	<u>Target allocation</u>	<u>Long-term Expected real rate of return</u>
Domestic equity	36%	4.55%
International equity	14%	6.35%
Private equity	10%	7.50%
Real estate	10%	5.55%
Absolute return strategies	2%	3.75%
Opportunistic portfolio	3%	5.68%
Real assets	3%	5.29%
Bonds and mortgages	17%	1.31%
Cash	1%	(0.25%)
Inflation indexed bonds	<u>4%</u>	1.50%
	<u>100%</u>	

*The real rate of return is net of the long-term inflation assumption of 2.50%.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(f) Long-Term Liabilities, Continued

(5) Pension Plans, Continued

New York State and Local Retirement System, Continued

The discount rate used to calculate the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the Town's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate:

	1% Decrease <u>(6.0%)</u>	Current Assumption <u>(7.0%)</u>	1% Increase <u>(8.0%)</u>
Town's proportionate share of the ERS net pension asset (liability)	\$ <u>(10,132,979)</u>	\$ <u>(1,339,231)</u>	\$ <u>6,099,929</u>

The components of the collective net pension liability as of the March 31, 2018 measurement date were as follows (in thousands):

Total pension liability	\$ 183,400,590
Fiduciary net position	<u>(180,173,145)</u>
Employers' net pension liability	\$ <u>3,227,445</u>
Fiduciary net position as a percentage of total pension liability	<u>98.24%</u>

Employer contributions to ERS are paid annually and cover the period through the end of the System's fiscal year, which is March 31st. Accrued retirement contributions as of December 31, 2018 represent the projected employer contribution for the period of April 1, 2018 through December 31, 2018 based on paid ERS wages multiplied by the employers' contribution rate, by tier. Retirement contributions paid to ERS for the year ended December 31, 2018 were \$1,248,024.

TOWN OF CORTLANDT, NEW YORK

(f) Long-Term Liabilities, Continued

(6) Voluntary Defined Contribution Plan

The Town also offers a defined contribution plan to all non-union employees hired on or after July 1, 2013 and earning at the annual full-time salary rate of \$75,000 or more. The employee contribution is between 3% and 6% depending on salary and the Town will contribute 8%. Employer contributions vest after 366 days of service. No current employees participated in this program.

(7) Internal Service Fund - Length of Service Awards Program Fund

The Town, pursuant to Article 11-A of the General Municipal Law of the State of New York and legislative resolution, has established a Length of Service Awards Program (Program) for volunteer ambulance workers. This Program is a single employer defined benefit plan established as a grantor/rabbi trust and, as such, the assets are subject to the claims of the Town's general creditors. The Program is accounted for in the Town's financial statements within the internal service fund.

Active volunteer ambulance workers, upon attainment of age 18, and upon earning 50 or more points in a calendar year after 2003 under the provisions of the Program point system, are eligible to become participants in the Program. Points are granted for the performance of certain activities in accordance with a system established by the Town on the basis of a statutory list of activities and point values. A participant may also receive credit for five years of ambulance service rendered prior to the establishment of the Program. Participants are fully vested upon attainment of entitlement age, upon death or upon general disablement and after earning five years of service credit. A participant, upon attainment of entitlement age (the later of age 65 or the participant's age after earning 50 program points), shall be able to receive their service award, payable in the form of a ten-year certain and continuous monthly payment life annuity. The monthly benefits are \$20 for each year of service credit, up to a maximum of 40 years. The benefits and refunds of the plan are recognized when due and payable in accordance with the terms of the plan. The Program also provides disability and death benefits. The trustees of the Program, which are the members of the Town's Board, are authorized to invest the funds in authorized investment-vehicles. Administrative costs are paid by the Town from the pension trust fund. Separate financial statements are not issued by the Program.

At the December 31, 2017 measurement date (most recent available), the following participants were covered by benefit terms.

<u>Group</u>	
Active participants	17
Inactive participants currently receiving benefits	8
Inactive participants entitled to but not yet receiving benefits	<u>9</u>
Total	<u>34</u>

(7) Internal Service Fund - Length of Service Awards Program Fund, Continued

Contributions - New York State General Municipal Law §219-o(1) requires the Town Board to contribute an actuarially determined contribution on an annual basis. The actuarially determined contribution shall be appropriated annually by the Town Board.

Trust Assets - Although assets have been accumulated in an irrevocable trust such that the assets are dedicated to providing pensions to plan members in accordance with benefit terms, the trust assets are not legally protected from creditors of the Town. As such, the trust assets do not meet the criteria in paragraph 4 of GASB Statement No. 73.

Measurement of Total Pension Liability - The total pension liability at the December 31, 2017 measurement date was determined using an actuarial valuation as of that date.

Actuarial Assumptions - The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Salary Scale:	None assumed

Mortality rates were based on the RP 2014 Mortality Table (60/40 male/female blend) projected for mortality improvement to the year 2020 with scale MP2017.

Discount Rate - The discount rate used to measure the total pension liability was 3.16%. This was the yield to maturity of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2017. In describing this index, S&P Dow Jones Indices notes that the index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years and with a rating of at least Aa2 by Moody's Investors Service's, or AA by Standard & Poor's Rating Services.

Changes in the Total Pension Liability

Balance as of December 31, 2016 measurement date	\$ 847,596
Service cost	33,508
Interest	32,301
Changes of assumptions or other inputs	65,601
Differences between expected and actual experience	(28,007)

Sensitivity of the Total Pension Liability to Changes in the Discount Rate - The following presents the total pension liability of the Town as of the December 31, 2017 measurement date, calculated using the discount rate of 3.16%, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1% lower (2.16%) or 1% higher (4.16%) than the current rate:

	1% Decrease (2.16%)	Current Discount Rate (3.16%)	1% Increase (4.16%)
Total pension liability	\$ 1,083,166	930,085	807,114

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2018, the Town recognized pension expense of \$63,971.

Components of Pension Expense

Service cost	\$ 33,508
Interest on total pension liability	32,301
Changes of assumptions or other inputs	(970)
Differences between expected and actual experience	(4,043)
Pension plan administrative expenses	<u>3,175</u>
Total pension expenses	\$ <u>63,971</u>

At December 31, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 3,355	23,005
Changes of assumptions or other inputs	53,887	44,395
Benefit payments and administrative expenses subsequent to the measurement date	<u>58,041</u>	<u>-</u>
Total	\$ <u>115,283</u>	<u>67,400</u>

Deferred outflows of resources related to pensions resulting from Town transactions subsequent to the measurement date will be recognized as a reduction of the total pension liability in the year ended December 31, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	
2019	\$ (5,012)
2020	(5,012)
2021	(5,012)
2022	850
2023	4,028
Thereafter	-

(8) Claims Payable

The internal service fund reflects workers' compensation liabilities and the government-wide financial statements reflect workers' compensation and general liability claim liabilities. These liabilities are based upon estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported, but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflects past inflation and other factors that are considered to be appropriate modifiers of past experience.

An analysis of the activity of unpaid claim liabilities is as follows:

	Year ended	
	<u>December 31, 2018</u>	
	<u>Workers'</u>	<u>General</u>
	<u>compensation</u>	<u>liability</u>
Balance at beginning of year	\$ 2,654,519	65,137
Provision for claims and claims adjustment expenses	37,234	117,184
Claims and claims adjustment expenses paid	<u>(567,365)</u>	<u>(13,590)</u>
Balance at end of year	\$ <u>2,124,388</u>	<u>168,731</u>
Due within one year	\$ <u>640,000</u>	<u>168,731</u>

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(f) Long-Term Liabilities, Continued

(9) Other Postemployment Benefit Obligations Payable

In addition to providing pension benefits, the primary government provides certain health care benefits for retired employees through a single employer defined benefit plan. The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by the primary government may vary according to length of service.

Substantially all of the primary government's employees may become eligible for those benefits if they reach normal retirement age while working for the primary government. The cost of retiree health care benefits is recognized as an expenditure as claims are paid in the fund financial statements.

Employees covered by benefit terms

At December 31, 2018, the following employees were covered by the benefit terms:

Current retirees	154
Active employees	<u>141</u>
Total	<u>295</u>

Total OPEB Liability

The Town's total OPEB liability of \$74,855,050 was measured as of December 31, 2018 and was determined by an actuarial valuation as of January 1, 2018.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00%
Salary increases including wage inflation	3.00%
Discount rate	3.64%
Healthcare cost trend rates	8.0% for 2018, decreasing to an ultimate rate of 5.0%

The discount rate was based on the S&P Municipal Bond 20-year High Grade Bond Index.

Mortality rates were based on RP-2014 mortality table and MP-2016 projection.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources
Related to OPEB, Continued

For the year ended December 31, 2018, the Town recognized OPEB expense of \$4,006,711. At December 31, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	3,201,341

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ending</u>	
2019	\$ (457,344)
2020	(457,344)
2021	(457,344)
2022	(457,344)
2023	(457,344)
Thereafter	(914,621)

(g) Significant Commitments - Encumbrances

As discussed in note 2(a), Budgetary Data, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At December 31, 2018, the amount of encumbrances expected to be honored upon performance by the vendor in the next year are as follows:

<u>Fund</u>	<u>Amount</u>
General	\$ 117,572
Town Outside Villages	52,761
Highway	313,672
Special Districts	<u>14,076</u>
	<u>\$ 498,081</u>

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(h) Interfund Transfers

Interfund transfers are defined as the flow of assets, such as cash or goods and services, without the equivalent flow of assets in return. The interfund transfers reflected below have been reflected as transfers:

<u>Transfers out</u>	<u>Transfers In</u>					<u>Total</u>
	<u>General fund</u>	<u>Highway fund</u>	<u>Special districts fund</u>	<u>Capital projects fund</u>	<u>Non-major governmental funds</u>	
General fund	\$ -	-	-	516,760	413,014	929,774
Town outside villages fund	-	-	-	402,747	-	402,747
Highway fund	-	-	-	37,150	41,286	78,436
Special districts fund	60,000	14,500	442,500	460,278	952,707	1,929,985
Non-major governmental funds	<u>400,000</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>400,000</u>
	<u>\$460,000</u>	<u>14,500</u>	<u>442,500</u>	<u>1,416,935</u>	<u>1,407,007</u>	<u>3,740,942</u>

Transfers are used to (1) move amounts earmarked in the operating funds to fulfill commitments for capital projects fund expenditures and (2) move amount earmarked in the operating funds to fulfill commitments for general, highway, special districts and nonmajor governmental funds.

(i) Net Position

The components of net position are detailed below:

- Net investment in capital assets - the component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets.
- Restricted for capital projects - the component of net position that reports the amounts restricted for capital projects, exclusive of unexpended bond proceeds and unrestricted interest earnings.
- Restricted for debt service - the component of net position that reports the difference between assets and liabilities with constraints placed on their use by Local Finance Law.
- Restricted for future capital projects - the component of net position that has been established to set aside funds to be used to finance all or part of the construction or acquisition of a specific type of improvement in accordance with Section 6c of General Municipal Law.
- Restricted for special districts - the component of net position that represents funds restricted for specific purposes under New York State law or by external parties and/or statutes.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(i) Net Position, Continued

- Restricted for parklands - the component of net position that has been established pursuant to Section 277 of Town Law. This amount represents funds received by the Town in lieu of parklands as a condition precedent to the approval of a parcel by the Planning Board. These funds may be used only for recreation purposes.
- Unrestricted - all other amounts that do not meet the definition of “restricted” or “net investment in capital assets”.

(j) Fund Balances

Certain elements of fund balance are described above. Those additional elements, which are not reflected in the statement of net position but are reported in the governmental funds balance sheet are described below.

	2018						<u>Totals</u>

Notes to Financial Statements, Continued

(3) Detailed Notes on All Funds, Continued

(j) Fund Balances, Continued

Prepaid expenditures has been established to account for payments made in advance. The amount is classified as nonspendable to indicate that funds are not “available” for appropriation or expenditure even though they are a component of current assets.

Purchases on order are assigned and represent the Town’s intention to honor the contracts in process at year-end. The subsequent year’s appropriations will be amended to provide authority to complete the transactions.

Subsequent year’s expenditures represent that at December 31, 2018, the Town Board has assigned the above amounts to be appropriated for the ensuing year’s budget.

Retirement contributions represent funds that have been set aside to be used for retirement costs.

Unassigned fund balance in the general fund represents amounts not classified as nonspendable, restricted, committed or assigned.

(4) Summary Disclosure of Significant Contingencies

(a) Litigation

The Town, in common with other municipalities, receives numerous notices of claims for money damages arising from false arrest, property damage or personal injury. There are several tort claims pending against the Town. However, it is anticipated that insurance coverage will be sufficient to satisfy any resolution of the tort claims pending against the Town.

In the personal injury, property damage, and civil rights cases that are pending against the Town, the issue of liability, in the Town’s opinion (and/or that of outside counsel who handle the majority of the claims), is questionable, and the Town is taking a strong defense position. However, even if such claims were to be decided against the Town, the Town does not believe that the consequence, individually or in the aggregate, would be such as to have a material adverse effect on the Town’s financial condition or its ability to pay the principal of, or interest on, any of its bonds or notes when they become due, taking into consideration that the Town currently carries liability insurance coverage up to \$5 million, which covers all liability and defense costs after a self-insured payment of the first \$75,000.

There are currently pending certiorari proceedings, the results of which could require the payment of future tax refunds by the Town, if existing assessment rolls are modified based on the outcome of the litigation proceedings. However, the amount of the possible refunds cannot be determined at the present time. Any payments resulting from adverse decision will be funded in the year the payment is made.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(4) Summary Disclosure of Significant Contingencies, Continued

(b) Contingencies

The Town participates in various Federal grant programs. These programs may be subject to program compliance audits pursuant to the Single Audit Act. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the Town anticipates such amounts, if any, to be immaterial.

(c) Risk Management

The Town purchases various insurance coverages to reduce its exposure to loss. The Town maintains a general liability policy with limits of \$5 million per occurrence. There is a \$75,000 self-insured retention per claim. The Town maintains a public officials liability policy with limits up to \$5 million per claim and in the aggregate. The Town also maintains an excess liability policy with coverage up to \$5 million. There is also a \$75,000 self-insured retention per claim. In addition, the Town purchases conventional health insurance from various providers. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three fiscal years.

The Town is self insured for workers' compensation benefits. The Town retains the risk for claims up to \$600,000 per occurrence. Insurance coverage has been secured for losses in excess of \$600,000 per year. Employers' liability maximum limit of indemnity is \$1.0 million per occurrence.

Employers' liability aggregate maximum limit of liability with respect to all occurrences taking place within the liability period is \$1.0 million. The governmental funds are charged premiums by the internal service fund for workers compensation claims.

(5) Tax Abatements

As of December 31, 2018, the Town has performed a review of all Payment in Lieu of Taxes (PILOT) agreements, and found that no PILOT agreements result in tax abatements during the year ended December 31, 2018.

TOWN OF CORTLANDT, NEW YORK
Notes to Financial Statements, Continued

(6) Cumulative Effect of Change in Accounting Principle

During the year ended December 31, 2018, the Town implemented Government Accounting Standards Board Statement (GASB) No. 75 - "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." Implementation of GASB Statement No. 75 required restatement of the prior year government-wide net position as of December 31, 2017 resulting in the reporting the entire actuarial accrued liability for other postemployment benefit. Additionally, the Northern Westchester Joint Water Works, a joint venture in which the Town owns 30%, also implemented GASB Statement No. 75, resulting in a restatement of the Town's investment in this joint venture. The effect of this restatement was:

Net position, as previously stated	\$ 49,477,199
Cumulative effect of adjustments:	
GASB 75 implementation - beginning total OPEB liability	\$ (76,853,992)
GASB 45 OPEB obligation at beginning of year	<u>26,650,000</u>
Total Town adjustment	(50,203,992)
Northern Westchester Joint Water Works total adjustment	<u>(1,673,060)</u>
Total cumulative effect adjustment	<u>(51,877,052)</u>
Net position as restated	\$ <u>(2,399,853)</u>

* This program was established to cover volunteer ambulance workers and therefore they are not employees of the Town.

Notes to Required Supplementary Information

Schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

Changes of assumptions or other inputs - The discount rate used to measure the total pension liability was based on the yield to maturity of the S&P Municipal Bond 20 Year High Grade Rate Index and was as follows:

December 31, 2017	3.16%
December 31, 2016	3.71%

The mortality projection scale was changed to the MP2017 scale as of the December 31, 2017 measurement date. The prior scale, for the December 31, 2016 measurement date, was the MP2016 scale.

Trust assets - There are no assets accumulated in trust that meets the criteria in paragraph 4 of GASB Statement No. 73 to pay related benefits.

Town direct debt			<u>6,383,454</u>
Net direct and overlapping debt			<u><u>\$ 119,706,926</u></u>

(1) Excludes the amount available for repayment in the debt service fund.

(2) The percentage of overlapping debt applicable is estimated using taxable assessed values. Applicable percentages were estimated by determining the portion of the Town's taxable assessed value that is within the government's boundaries and dividing it by the Town's total taxable assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the Town. This process recognizes that, when considering the Town's ability to issue and repay long-term debt, the entire burden borne by the property taxpayers should be taken into account.
